

CAREstream Medical Ltd.

Carestream Medical is proud to announce they have reached an agreement with the Canadian Society of Respiratory Therapists (CSRT) to significantly increase our level of support over the next five years. Our involvement with the Society will increase awareness and will reward both RT Students and Colleges across Canada. Additionally, we have invested in the CSRT on the annual education and trade show convention, increased our advertising in its publications, as well as established a permanent web site link on the Society's web page.

Carestream Medical's support to the CSRT and our **NEW Elite Status** with the Society demonstrates the Company's long term growth initiative to become the leader in Respiratory Medical Equipment Distribution across Canada. Carestream is the first company in the history of the Society to commit to the future of the Respiratory Therapists and the overall advancing of the profession.

I would like to thank you for your past support and I want you to be confident that Carestream continues to be Canada's premier distributor.
